

PROFESSIONAL SUMMARY

An organized and motivated individual with strong time management skills and the ability to perform under pressure in diverse environments. As a fresher, I aim to enhance my technical skills and gain valuable experience in an entry-level role, contributing effectively to the organization's growth and success while continuously learning and improving.

EDUCATION

Shri Vishnu Engineering College For Womens, Bhimavaram B.Tech: Electronics and Communication Engineering – CGPA:7.69	2020-2024
Sri chaitanya junior College, Ongole Intermediate:MPC- GPA:8.38	2018-2020
PVR Muncipal Girls High School, Ongole Secondary Education:SSC-GPA:9.7	2017-2018

INTERSHIPS

- **Front-End Development | APSCHE** **May 2023-Aug 2023**
Acquired hands-on skills in HTML, CSS, JavaScript, and responsive web design, enabling me to create dynamic, interactive, and user-centric web interfaces. This experience significantly strengthened my technical foundation and prepared me for a successful career in full-stack development.
- **Python Programming | InternPe** **June 2023-July 2023**
Gained practical experience in developing Python-based solutions while demonstrating dedication, professionalism, and a strong understanding of the role. This experience enhanced my programming skills and problem-solving abilities, contributing to my growth as a developer.

PROJECTS

- **ATM System in java** **Nov 2024**
Designed and implemented a Banking Management System in Java, featuring functionalities such as account management, transaction processing, balance inquiry, and admin operations. This project strengthened my programming skills, logical thinking, and ability to develop real-world applications.
- **Fake News Detection System using machine learning** **March 2024**
Developed a Fake News Detection System using machine learning with Logistic Regression to classify news articles as real or fake. This project strengthened my skills in natural language processing (NLP), model evaluation, and real-world data analysis.
